Center for Human Services Naming Opportunities

Opportunity Info

purpose

To support the continued efforts of Center for Human Services (CHS) in fulfilling their mission of improving the well-being of children and families in our communities. To accomplish this, sponsorship opportunities to name rooms within CHS facilities have been made available to companies and individuals.

Contributions to the "CHS Naming Project" will be utilized for existing program operational needs.

sponsorship donation formula

The determination of the value of a CHS naming opportunity will be based on square footage that, through the use of a set of multipliers, places a value on the visibility of existing CHS spaces. There are three levels of naming opportunities: category I, II, & III.
