WHAT WE DO

Center for Human Services is a local nonprofit serving youth and families in Stanislaus County. Every day we are **changing lives, building futures and helping families** through:

COUNSELING SERVICES

We can help you talk out your feelings if you are having a hard time with anything or just need someone to talk to. You can talk to one person privately or talk with a group of people that want to talk about similar things as you.

SHELTER SERVICES

We give young people like you a place to stay if you don't have a home. When you stay with us, we will teach you important things like how to be healthy and live a happy life.

YOUTH SERVICES

We can teach you how to do well in school, be happier at home, and just be the best that you can be.

SCHOOL BASED SERVICES

We have people at some of your schools to make sure things are going well there. If you are having a hard time with anything while you're at school, we can help you find a solution to your problem or can be there for you if you just want to talk.

ALCOHOL & DRUG TREATMENT

We help teenagers and grownups if they are using drugs or alcohol in a harmful way. We can help show them ways to feel better about themselves so that they don't turn to drugs or alcohol anymore.

FAMILY RESOURCE CENTERS

If your family is having a hard time, you can come to one of our centers and we will find you and your family the help you need. If you're not sure about what kind of help you need, just come to the center and talk to someone and we can help you figure it out.

**Last year we served 23,000+ children,
individuals and families.**
